Missouri can take you in many directions.

Our highway map will guide you through sunny prairie and deep, green forests to the rolling Ozark Mountains. Missouri is composed of bustling cities, vibrant towns and close-knit villages. We have strong regional identities that make Missouri one of the most diverse and distinct states in the nation.

But no matter what part of Missouri you roam, whether you are a lifelong resident or a first-time visitor, our neighbors will welcome you with a warm smile, a friendly handshake and a hearty hello. And if you ask, they will also be quick to tell you their favorite state park, shopping district, concert hall, historical site or sports park.

As you travel, you will notice orange signs and barrels dotting the highways as we work to make our roads smoother and safer. Please pay close attention to work zones. It could save a life.

We hope you enjoy Missouri for years to come. Please buckle up and travel safely.

Matt Blunt
Governor
